INSTRUCTIONS

FRAME ASSEMBLY

Starting from the Feet Tubes (E) and the longest extension tube (30"/D), Join each tube by their male/female connections.

TIP: Assemble the frame from the bottom up.
See below

ATTACHING THE CANVAS

For the uniform fit, follow the steps below:

- 1) Using bungess, connect the 6 corners of the net to the assebled frame (fig. 1).
- 2) Count the number of squares between each corner and identify the middle square.
- 3) Attach bungees to the two bottom, center canvas grommets.
- 4) Pull 4 corners bungees to the corners of the frame for a tight fit.

TIP: Loop all the bungees around your wrist for easy access.
See below
