

Louisville Slugger **PRACTICE PARTNER**
REBOUNDER ASSEMBLY

Thank you for purchasing a Louisville Slugger product. Our rebounders are high quality training equipment for today's athlete.

WARNING! 

PLEASE WEAR TASK-ORIENTED GLOVES WHEN ASSEMBLING THIS FRAME. ASSEMBLE OUTDOORS/GARAGE.

PARTS LIST

- 6 - "L" Shaped Tubes
- 2 - "Y" Shaped Tubes
- 1 - Three or Four* Section Net
- 30 - Bungee Fastners

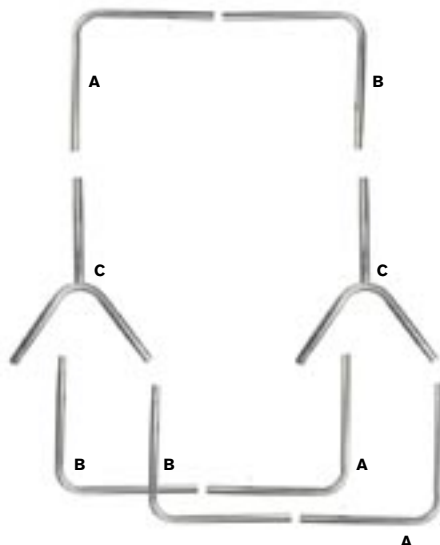

NO TOOLS REQUIRED FOR ASSEMBLY

*NOTE - Four section nets are part of our QuadNet products. This extra net is a convenient back-up feature.

All nets are made of durable nylon but subject to wear.

For replacement parts/accessories:

INSTRUCTIONS

FRAME ASSEMBLY

Starting from the Feet Tubes (E) and the longest extension tube (30"/D), Join each tube by their male/female connections.

TIP: Assemble the frame from the bottom up. See below

ATTACHING THE NET

For the uniform fit, follow the steps below:

- 1) Using bungees, connect the 6 corners of the net to the assembled frame (fig. 1)
- 2) Count the number of squares between each corner and identify the middle square.
- 3) Attach a bungee through each middle square (fig. 2)
- 4) Identify the middle square between each pair of bungees and complete assembly by repeating steps 2 and 3.

TIP: Loop all the bungees around your wrist for easy access. See below
